Faith of our Fathers

majestic

J E Roman
Jan 26, 1930

1 Faith of our fathers living still
2 Our fathers chained in prisons dark
3 Faith of our fathers we will love

In spite of dungeon fire and sword
love still in heart & conscience free
both friend & foe in all our strife

O how our hearts beat high with joy
How sweet when for the faith we die
And part the victors are

1 high with joy
2 Childrens fate
3 love known how

when e'er they hear that glorious word
of they like them could die for thee
by kindly words & victorious life

Refrain

Faith of our fathers Holy faith will be true to thee till death

Faith of our fathers Holy faith Will be true to thee till death
